

Hand Crafted High Quality Glamping Accommodation

Hand built using high quality FSC timber Jark is a high specification building for use as eco-camping/glamping accommodation, summer house or home office.

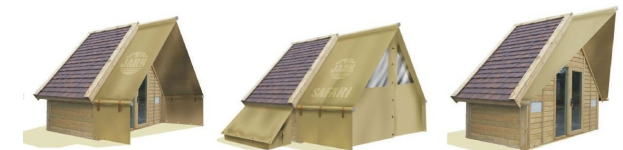

Utilising a strong steel base (optional) Jark is solidly constructed for long life and comfort. Fully insulated and complete with electric hook-up, lights and radiator (optional) Jark is for all year use not just the summer.

With internal dimensions of 3.4m(w) x 2.1m (d) x 3m(h) Jark is spacious with plenty of room for two double beds or a double bed, a table and chairs.

Need more space? Jark is modular, just add another unit on the back to double the depth, or another and another!

Don't want to lose the camping experience? No problem, just add a Canvas Extension:

Prices start at £8,000 + delivery + VAT. For more information contact:
